videotape in lieu of a court reporter. Should you want an unofficial copy of the proceedings, the parties or counsel may give the Court a blank, previously unused videotape at least fifteen (15) minutes before the trial and a copy will be made at no cost. A specific type of videotape must be used for this system in order to ensure the most reliable record: Maxell or Fuji Super HG 120 (VHS) (SNG T-120) or equivalent. If the proceedings last for more than one day, a new tape must be provided each day. For the convenience of the parties, the store in the courthouse cafeteria sells the appropriate videotape. Should an official transcript be required, you may request that the court prepare it. The party ordering the transcript must pay for it. With this new technology, a court reporter is likely not required and the parties are encouraged to experience the court's video recording system before requesting a court reporter. If a court reporter is required, the court must receive a written request at least 48 hours before the commencement of the proceeding. Failure to timely request a court reporter will be deemed consent to proceed without a court reporter.
